Understanding Sales And Leases Of Goods

Synopsis

This Understanding. treatise offers a concise, yet comprehensive survey and analysis of the legal principles that affect the law governing sales and leases of goods. Clearly written and logically organized, this book presents an integrated treatment of Articles 2 and 2A of the Uniform Commercial Code. The primary focus of Understanding Sales and Leases of Goods is on sales, with material addressing lease transactions woven into the text at appropriate points. Beyond the treatment in the text, footnotes provide additional examples and internal cross-references making the book easy to use. Among the many significant changes to the Second Edition of Understanding Sales and Leases of Goods are:

- A section in each chapter summarizing the relevant provisions of amended Articles 2 and 2A;
- A section in each chapter summarizing the relevant provisions of the CISG;
- Expanded coverage of issues relating to the scope of Articles 2 and 2A, including scope as it relates to products that combine goods and computer programs;
- With regard to warranty rights, expanded coverage of the Magnuson-Moss Act, federal preemption, and state consumer-protection laws;
- Expanded coverage of third-party rights, including voidable title, entrustment, and assignment and delegation; and
- Coverage of issues related to electronic contracting, including the effects of the Uniform Electronic Transactions Act and the federal E-Sign legislation.

Book Information

Paperback: 441 pages

Publisher: LexisNexis; 2nd edition (August 21, 2009)

Language: English

ISBN-10: 1422422496

ISBN-13: 978-1422422496

Product Dimensions: 9.4 x 6.4 x 1 inches

Shipping Weight: 1.6 pounds

Average Customer Review: 5.0 out of 5 stars [See all reviews](#) (3 customer reviews)

Customer Reviews

This book is brilliant! This book is broken down into the major points of contract law. Each subject is broken down into the elements. It explains everything from formation of contracts, breach,

performance, mistake, estoppel, parol evidence, statute of frauds and so forth. It is easy to read and has all annotations to caselaw and the UCC in easy to read footnotes at the bottom of the page. In addition, William Henning (one of the authors) is on the drafting committee for Article 2. This book is worth it for the section on the parol evidence rule alone! It helped me ace my first year contract exams.

This is a very good sales book. I came to to buy one after reviewing one in my libraries reserve room. But, this Sales and Leases review only covers contracts covered by UCC article 2, and as a 1999 book, doesn't cover the amendments, which doesn't matter much right now but may very soon.

Great book! A little heavy on the case law, but it footnotes which code sections are at issue.
