Customer Reviews

Warning: before you pick up Justin Halpern's *I Suck at Girls* to read for the first time, be sure to set your coffee down. Failure to do so may result in some spilled beverage all over the book pages or your Kindle. You know, it really hurts when hot coffee spurts out your nose...Without dropping any spoilers, the author dedicates his newest book to Amanda, and it quickly becomes clear in the first

chapter that she was his focus. Early on we find that he has decided to propose to her, so he goes to that one particular person who he knows will tell him, direct and to the point, what he thinks: his dad, Sam. Amanda wants to talk to him, and Justin isn't sure what to do. He wants his dad to shoot straight with him, though his father has a frequent habit of going slightly off topic, as found in this sage advice: "Human beings do dumb s__t. You do dumb s__t. She does dumb s__t. Everyone does dumb s__t. Then, every once in a while, we have a moment where we don't do dumb s__t, and then we throw a goddamned parade and we forget all the dumb s__t we did. So what I'm saying to you is, don't do something, or not do something, to punish someone because you think they did something dumb. Do what you want to do, because it's what you want to do. Also, bring me a grapefruit from the kitchen and some salt and pepper." First time readers may be jolted with the frequently profane dialogue issued forth by Justin's eloquent father, who has his own way of expressing himself.
