The PreMarital Planner: A Complete Legal Guide

Synopsis

When couples wed, they promise to stay together "till death do us part"â "but in reality, almost 50% of marriages end in divorce. How can you beat the odds and successfully nurture a long-lasting, happy, and healthy relationship? Proper pre-marital planning is the answer. Vikki Ziegler has seen it all and has extensive experience guiding couples emotionally and financially. She created this planner in order to share the lessons sheâ™s learned. Thereâ™s plenty of wisdom here on how to facilitate discussion on every crucial pre-marital concern, from whether marriage is the right choice to whether or not to have children and what to do about money. Ziegler goes through the basic rules that must be followed to create a thriving union, discusses the important emotional attributes that keep a couple together, and explains how to develop good communication and listening skills. She navigates through the sensitive topic of intimacy, as well as the tough issues surrounding anger and conflict resolution. And because clashes over money can torpedo a marriage faster than almost anything else, thereâ™s plenty of in-depth attention devoted to finance, with charts and lengthy questionnaires that can eliminate nasty postnuptial surprises. Filled with interactive charts and questions for couples to answer together, plus tips and tools, THE PRE-MARITAL PLANNER provides smart answers to the fundamental matters that need to be addressed before you enter into the most important relationship in your life.

WOW! I have seen other guides but this one by well known family attorney Vikki Ziegler gets it all out in the open! Her many years of experience show through as she guides each partner individually

and as a couple through the REALITY of MARRIAGE, COMMITMENT, and LIFE EVENTS. I have seen her on shows like Dr. Drew, Nancy Grace, and Jane Velez-Mitchel...she is smart, direct and hits all the points necessary to get to the real issue. I have already purchased 3 copies, one for myself, my niece and my sister who is divorced and in a serious relationship. Being in love is great, being prepared to go forward into commitment with the right awareness and tools for a successful partnership, and a happy life together is just a click away...BUY IT! READ IT! LOVE IT!

So many of the points in this book seem fundamental or common sense, but actually they are more important than you'll ever know. Starting with communication. In my own relationship I didn't bring up certain issues because I was afraid of confrontation or hurting his feelings. Ultimately the little things we didn't talk about ended up being the very issues that broke us up. After reading this book I feel ready to do the work on my relationship before it's too late. I am going to give this book to everyone I care about. Thank you!

The PreMarital Planner was just as important as finding my wedding gown. Vikki sets forth questions and topics that my fiancé and I never discussed, but which were critical to ensure we were on the same page BEFORE taking the plunge. From finances to in-laws, Vikki thought of everything!!! Before you think about picking your venue, think about picking up the Pre-Marital Planner!

Great information to help get you thinking about all the non-romantic aspects of a marriage.
