Business Law, 6th Edition (Business Review Series)

Synopsis

Titles in Barron's Business Review series are widely used as classroom supplements to college textbooks and often serve as a main textbook in business brush-up programs. Optimized for use on the Kindle, Business Law focuses on the importance of legal theory in the everyday business world, explaining such subjects as tort responsibility, government regulations, contracts, environmental law, product liability, consumer protection, and international law, among many other topics. Also discussed in detail are the legal aspects of partnerships, franchises, and corporations, as well as special topics that include business crimes, property as a legal concept, intellectual property, and similar pertinent topics. A study aid labeled Key Terms appears at the beginning of each chapter, and You Should Remember summaries are strategically interspersed throughout the text
