Customer Reviews

Instead of just writing a synopsis of the sights in the city, this book takes each major place and enters a series of short entries down through the centuries written mostly by visiting travelers such as foreign government officials, members of other country's royalty, etc. Fascinating, especially if you're thinking of going there.

The book came promptly and was most interesting and greatly assisted me in the class I'm attending on the history of St. Petersburg. Most enjoyable with wonderful historic anecdotes.
