Japanese Law

Synopsis

This book presents the only English language, up-to-date, and comprehensive reference to Japanese law. It covers a wide range of topics, from the fundamentals of the Japanese legal system, to the Civil Code which is the cornerstone of private law in Japan and business related laws in a comprehensive manner. The author presents the current state of Japanese law in operation by referring to numerous cases and the latest discussions. Since the last edition in 1999, Japanese Law, in almost every area, has undergone substantial reform, all of which is reflected in the new text. In particular, the new edition contains the first comprehensive analysis of the new Company Law and the Financial Instruments and Exchange Law. This makes this book an essential reference work for all who have an interest in Japanese law.
