ISBN-13: 978-0735556935

Product Dimensions: 7 x 0.5 x 10 inches

Shipping Weight: 1.1 pounds

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (3 customer reviews)

Best Sellers Rank: #804,194 in Books (See Top 100 in Books) #187 in [Books > Law > Business > Torts](#) #6608 in [Books > Textbooks > Law](#)

## Customer Reviews

If you prepare for law school exams by doing problems, as I do, this is a great series of books to use. It doesn't have any black-letter law summaries, so don't expect it to teach you the material, but what it does have are great, detailed issue-spotter problems -- the kind your professors will most likely be asking you to answer on their exams. Even better, it has full essay answers to the problems, so you'll be able to read an "A"-type answer written by a law professor and learn how yours differs from that. I used Siegel's as often as I could during law school and was able to beat the curve more often using their products than anyone else's.

I would have given this book five stars, however, it's not economical. Aspen publishers (publishers of this Q & A series) also publish Finz Multistate Method. The Finz product contains 196 tort multiple choice questions whereas the siegel's tort Q & A only has 92. Keep in mind that these products are published by the same publisher, therefore, the questions in the siegel's series appear in the Finz

Multistate Method. Furthermore, the Finz product has Contracts, Property, Constitutional Law, and Evidence questions. However, the Finz product does not have essay questions but you could always google old essay exams and answers. By purchasing the Finz Multistate Method, you'll end up saving more money, have the convenience of having all the questions in one book, and have many more questions.

This book is great and read it every chance I get. I would tell any law student to purchase it.
